Experience history as you cross Canada by rail!

The railway in Canada is an integral and essential foundation for the country. When the last spike was driven in the cross-country rail line on November 7, 1885 at Craigellachie, something truly magnificent had been accomplished: Canada had been united. The railway was written into the agreement of Confederation on that historic day when the Dominion of Canada was formed in 1867. The railway was a condition of entry into Confederation by British Columbia and it was the common thread that linked the vast spaces and diverse cultures of the grand new nation. Experience Canada's national railway on this epic journey from Vancouver on the Pacific coast to Halifax on the Atlantic coast. From the towering giants of the Rocky Mountains to the sea of grass in the vast prairies; from the unique mix of cultures in Montréal to the Scottish influence in the Maritimes; from the awesome view at the CN Tower to the spectacle of Niagara Falls — all aboard for the adventure of a lifetime!

Train & Tour Notes

VANCOUVER TO TORONTO – Space is booked in Sleeper Plus Class on *The Canadian* with all meals included. Sleeping accommodation is in private bedrooms, either double with upper and lower berths or single with lower berth only. Amenities include couch-style seats that convert to beds at night, electrical outlet, toilet, sink, and mirror. Shower facilities are located nearby. Exclusive access to the dome car with its excellent views and Bullet Lounge is included. All meals are included in the elegant dining car which offers exclusive service for first-class travellers. You also have access to the Skyline Car which has books, games, lectures on local topics, and refreshments.

TORONTO TO MONTRÉAL – Enjoy the luxury of Business Class on this 5½ hour fast train with large comfortable seats, wi-fi, and a three-course gourmet lunch with wine. Travel at speeds up to 160 kph.

MONTRÉAL TO HALIFAX — Space is booked in Sleeper Plus Class on *The Ocean* with dinner, breakfast and lunch included. Sleeping accommodation is in private cabins, either double with upper and lower berths or single with lower berth only. Amenities include toilet, handbasin, and couch(es) that convert into bed(s). Exclusive access to the dome car is included.

TRAIN SCHEDULE – Rail travel in Canada is subject to unexpected delays, and Wells Gray Tours cannot be held responsible for missed attractions due to a late train. Listed times are from VIA Rail's published schedule. In the last few years, trains have been many hours late into Toronto as freight trains have priority. VIA has made major changes to its 2019 schedule in an effort to arrive closer to published times, and has added about 12 hours for the journey from Vancouver to Toronto. Also, only two trains a week are scheduled now, instead of three. Note that some meal times are not yet confirmed (as of October 2018) due to the new train schedule, so breakfast could be on or off the train on May 26 and May 29. Our tour has stopped in Winnipeg for two nights for many years, but the 2019 schedule has the train arriving and departing in the middle of the night, so we have moved the stop to Saskatoon, a city full of interesting things to do.

LUGGAGE – While on the train, your suitcase is stored in the baggage car. You may bring your suitcase to your private room for overnight stays, but it is highly recommended that you bring a more compact bag with just your needs for those few days while on board.

GRATUITIES – The customary gratuities for train attendants are not included in your tour fare due to the challenges of distribution on board. Please budget \$10 per person per day. Gratuities are covered for all included meals off the train, local guides, and drivers. Gratuities to the Wells Gray tour director and BC coach driver are not included and are left to your discretion.

EARLY BOOKING is recommended as this tour is limited to 40 travellers and it goes full every year.

 **ACTIVITY LEVEL** — Moderate activity including walking medium distances over uneven surfaces and steps. You may have to walk through up to 5 train cars to access the dining car. If booking a single bedroom, be aware that at night you may need to go down the hall to a toilet. Double bedrooms have upper and lower berths, so one person must be able to get into the upper berth. Steps on and off the train may be awkward for those with mobility challenges. There can be longer walks in Halifax and Toronto airports while flying home; request a cart or wheelchair in advance if this could be an issue for you. The coaches cannot carry a scooter. If you are not able to participate in Activity Level 2, Wells Gray Tours recommends that you bring a companion to assist you. The tour director and drivers have many responsibilities, so please do not expect them, or your fellow travellers, to provide ongoing assistance. If you are not capable of keeping up with the group or require frequent assistance, the tour director may stop you from participating in some activities or some tour days. In extreme situations, you may be required to leave the tour and travel home at your own expense; travel insurance will probably not cover you.

At dawn, the train is travelling in Saskatchewan with the sight of the wheat swaying in the wind on the broad prairie. We disembark in **Saskatoon** about 9 am. A local guide meets us for a tour including its beautiful parks, the South Saskatchewan River, and the University of Saskatchewan. Next we visit the **Western Development Museum** which is themed around Saskatchewan a century ago and features a remarkable re-creation of a 1910 city street with exhibits inside each of the buildings, all under one roof. We stay three nights at the **Delta Bessborough Hotel** which was built by the Canadian National Railway in 1928 and is a historic waterfront landmark for Saskatoon.

Monday, May 27:

A demonstration of traditional First Nations dances is featured. Next we visit the **Remai Modern**, a spectacular art gallery which opened in late 2017. When the hotel opened in 1929, it was a landmark of downtown Toronto and today seems dwarfed by the nearby skyscrapers.

Saturday, June 1:

We take a city tour of **Toronto** with a local guide, seeing landmarks such as the CN Tower, Skydome, Eaton Centre, Queen's Park, City Hall, Yonge Street, and the Lake Ontario waterfront. Then we ride the fast elevators up the **CN Tower**, one of the tallest structures in the world at 550 metres, and enjoy a panoramic view of Toronto. The rest of the afternoon is free time. First, we take a Hornblower cruise to the bottom of the falls for an awesome view of the Horseshoe and American Falls from the river. Lunch is included at Table Rock, then a sightseeing tour of the Niagara area is conducted by a local guide and visits several impressive viewpoints. One of the landmarks of Niagara is the **Skylon Tower** which soars 160 metres above the falls, and dinner is included in the revolving restaurant with a terrific view. We return to Toronto in the evening.

It is located in Olympic Park and the huge 1976 Olympic Stadium and Tower dominates the site. At 7 pm, **The Ocean**, the last of our VIA Rail trains, pulls out of Montréal headed to Halifax. When Ontario, Quebec, New Brunswick and Nova Scotia joined in Confederation to form the Dominion of Canada in 1867, a railway to connect Halifax with the St. Lawrence River was promised. During the night, the train follows the south shore of the St. Lawrence and crosses the neck of the Gaspé Peninsula. Our Sleeper Plus Class of service includes access to the dome car.

Nova Scotia's naval heritage comes alive during a visit to the Maritime Museum of the Atlantic, and we celebrate a maritime tradition during the fun and flavourful **Alexander Keith's Brewery Tour**. Tonight, get set for musical comedy, fun and frivolity at Grafton Street Dinner Theatre.

Saturday, June 8:*Meals: B*

We head to **Peggy's Cove**, one of the most picturesque fishing villages along the Eastern seaboard. There is time to stroll the waterfront and take pictures of its famous lighthouse before continuing along the delightful coastal drive to **Lunenburg**, a UNESCO World Heritage Site.
