# COAST TO COAST BY TRAIN

May 28, 2021 – 17 Days

*Across Canada by Via Rail from Vancouver to Halifax*

The railway in Canada is an integral and essential foundation for the country. When the last spike of the cross-country rail line was driven at Craigellachie on November 7, 1885, something truly magnificent had been accomplished: Canada had been united. The railway was written into the agreement of Confederation on that historic day when the Dominion of Canada was formed in 1867. The railway was a condition of entry into Confederation by British Columbia and it was the common thread that linked the vast spaces and diverse cultures of the grand new nation. Experience Canada's national railway on this epic journey from Vancouver on the Pacific coast to Halifax on the Atlantic coast. From the towering giants of the Rocky Mountains to the sea of grass in the vast prairies; from the unique mix of cultures in Montréal to the Scottish influence in the Maritimes; from the awesome view at the Olympic Tower to the spectacle of Niagara Falls — all aboard for the adventure of a lifetime!

and is a historic waterfront landmark for Saskatoon.

### Day 8: Friday, June 4

The train is now east of Georgian Bay and headed into the urban sprawl of Toronto. *The Canadian* arrives at cavernous Union Station about 3 pm, the end of the second leg of our cross-Canada journey. We walk across the street to the renowned **Fairmont Royal York Hotel** and stay three nights. When the hotel opened in 1929, it was a landmark of downtown Toronto and today seems dwarfed by the nearby skyscrapers.

**Meals included:** Breakfast, Lunch

**Accommodation:** Fairmont Royal York Hotel

### Day 9: Saturday, June 5

We take a city tour of **Toronto** with a local guide, seeing landmarks such as the CN Tower, Rogers Centre, Eaton Centre, Queen's Park, City Hall, Yonge Street, and the Lake Ontario waterfront. This afternoon, we tour **Casa Loma**, Toronto's fabulous castle built by Sir Henry Pellatt between 1911 and 1914, and today used in many movie productions. ### Day 10: Sunday, June 6

We spend the day at **Niagara Falls**, one of the world's mightiest cataracts, measured by its great width of nearly 1 km, its water volume of about 3 million litres per second, and its height of 50 metres. We take a Hornblower cruise to the bottom of the falls for an awesome view of the Horseshoe and American Falls from the river. Lunch is included at Table Rock, then a sightseeing tour of the Niagara area is conducted by a local guide

Next, we ride the glass funicular up the **Montréal Olympic Tower**, the tallest inclined tower in the world at 165 metres. There is a fabulous view of Montréal and Olympic Park from the top. At 7 pm, **The Ocean**, the last of our VIA Rail trains, pulls out of Montréal headed to Halifax. When Ontario, Quebec, New Brunswick, and Nova Scotia joined in Confederation to form the Dominion of Canada in 1867, a railway to connect Halifax with the St. Lawrence River was promised. Exclusive access to the dome car is included.

**TRAIN SCHEDULE** – Rail travel in Canada is subject to unexpected delays, and Wells Gray Tours cannot be held responsible for missed attractions due to a late train. Listed times are from VIA Rail's published schedule. In some years, the train has been many hours late into Toronto as freight trains have priority, but in 2019 the train was 2 hours early! VIA Rail made major changes to its 2019 schedule in an effort to arrive closer to published times, and has added about 12 hours for the journey from Vancouver to Toronto. Also, only two trains a week are scheduled now, instead of three. Our tour stopped in Winnipeg for two days for many years, but the 2019 schedule had the train arriving and departing in the middle of the night, so we moved the stop to Saskatoon, a city full of interesting things to do.

**LUGGAGE** – While on the train, your suitcase is stored in the baggage car. You may bring your suitcase to your private room for overnight stays, but it is highly recommended that you bring a more compact bag with just your needs for those few days while on board.

**GRATUITIES** – The customary gratuities for train room attendants are not included in your tour fare due to the challenges of distribution on board, so please budget \$5 per person per day. Gratuities are included for the dining car train staff, and for all included meals off the train, local guides, museum docents, boat crew, and coach drivers (outside of BC). Gratuities to the Wells Gray tour director and BC coach driver are not included and are left to your discretion.

**EARLY BOOKING** is recommended as this tour is limited to 40 travellers and it goes full every year.

**ACTIVITY LEVEL 2** — Moderate activity including walking medium distances over uneven surfaces and steps. You may have to walk through up to 5 train cars to access the dining car. If booking a single bedroom, be aware that at night you may need to go down the hall to a toilet.

Double bedrooms have upper and lower berths, so one person must be able to get into the upper berth. Steps on and off the train may be awkward for those with mobility challenges. There can be longer walks in Halifax and Toronto airports while flying home; request a cart or wheelchair in advance or at check-in if this could be an issue for you. The coaches and trains cannot carry a scooter. If you are not able to participate in Activity Level 2, Wells Gray Tours recommends that you bring a companion to assist you. The tour director and drivers have many responsibilities, so please do not expect them, or your fellow travellers, to provide ongoing assistance. If you are not capable of keeping up with the group or require frequent assistance, the tour director may stop you from participating in some activities or some tour days. In extreme situations, you may be required to leave the tour and travel home at your own expense; travel insurance will probably not cover you.
