

OTTAWA TULIP FESTIVAL & ST. LAWRENCE CRUISE

May 12, 2021 – 10 Days

Includes 4-day cruise on Canadian Empress

The world's largest tulip festival was established in 1953 in Ottawa to preserve the heritage of Canada's role in liberating the Dutch during World War II. The symbolic tulip – Ottawa's official flower – was given as a gift in perpetuity to the Canadian people for having provided safe harbour to the Dutch Royal Family during the German occupation of the Netherlands. The tulip remains a valuable symbol of friendship with special meaning to Canadians. Prepare to be impressed with over a million tulips blooming during the festival, the largest display being at Dows Lake with 30 beds, 60 varieties, and over 300,000 blooms.

The tour continues to Kingston where we board the *Canadian Empress* for a 4-day cruise on the St. Lawrence River. Highlights are the 1000 Islands, Fulford Mansion, Fort Wellington, and Upper Canada Village.

Day 5: Sunday, May 16

We drive to **Kingston** which played a vital role in Canada's birth. It was always a military fort, first as a French stronghold against both British and Iroquois enemies and then as a British fort defending against American invaders. After the Rideau Canal was built in 1832, Kingston became the primary economic centre for Upper Canada and was briefly the capital of the Province of Canada. Lunch is included in a unique restaurant inside the stone walls of **Old Fort Henry**. Afterwards, we take a guided walk through the fort which has loomed over Kingston since the War of 1812. A much larger fort was constructed between 1832 and 1836 to defend Lake Ontario, the entrance to the Rideau Canal, and the harbour. These were the strongest defences in Canada west of Quebec City, but neither was ever attacked. At 5:30 pm, **Canadian Empress** is ready for boarding in downtown Kingston. The Captain's welcome reception is followed by dinner. We cruise out of Kingston's harbour at 7 pm and anchor for the night in the midst of the 1000 Islands.

Meals included: Breakfast, Lunch, Dinner

Accommodation: *Canadian Empress*

Day 6: Monday, May 17

The ship weaves among the **1000 Islands** and docks in **Gananoque** so we can visit the Arthur Child Heritage Museum. We continue among the islands via Wanderer's Channel, the Admiralty Islands, and Millionaires' Row where palatial

mansions overlook the river. **Boldt Castle** was built in 1900 by George Boldt who owned the Waldorf Astoria Hotel in New York. The castle was meant to be a gift for his wife with 120 rooms, 6 storeys, indoor pool, powerhouse, ballrooms, and gardens. In 1904, Mrs. Boldt suddenly died and work stopped on the castle, never to be completed. We sail around the castle, but do not land because it is in the USA. Nearby is the 42-room **Singer Castle**, built in 1896 by the owner of Singer Sewing Machines. Arriving in Brockville, we tour the splendid **Fulford Place Mansion**, built in 1901 by Senator George Fulford who made a fortune selling a cure-all medicine known as Dr. Williams' Pink Pills for Pale People. Tonight, take a stroll around historic Brockville or enjoy local entertainment on the ship.

Back on board, we cast off about noon and start heading upstream on the St. Lawrence. Our overnight dock is at **Ivy Lea**, a quaint riverside town.

Macdonald's Bellevue House.

Meals included: Breakfast, Lunch

Day 10: Friday, May 21

Canadian Empress

CANADIAN EMPRESS

The *M/V Canadian Empress* was the result of some fanciful thinking on the part of Bob Clark in 1979. Having lived on the St. Lawrence River for years and being familiar with its many attractions and scenic beauty, Bob could not understand why there wasn't an overnight cruise ship providing excursions up and down the river. He was active in the architecture, real estate and housing industries, so Bob's entrepreneurial spirit wouldn't allow him to let go of this idea and soon the keel for the ship was being laid. The *Canadian Empress* was launched in 1981. The year 1908 was chosen as a design and decor theme because Bob wanted a vessel that would integrate well with the history of the St. Lawrence River. The ship is not a replica of any specific vessel, but is a composite of many vessels that were common in the St. Lawrence region during the last century.

The *Canadian Empress* is 33 metres long with a 9-metre beam and a draft of just 1.5 metres. She carries only 66 passengers in 32 cabins. There are three decks. St. Lawrence Deck is the lowest and has most of the cabins and the gift shop. Ottawa Deck has 8 cabins, the Grand Saloon Lounge and Dining Room, and forward and aft outdoor sitting areas. The Sun Deck has lots of outdoor seating. Most cabins have two single beds (4 have a double bed), toilet, shower, sink, and window(s). Cabins are compact compared to an ocean cruise ship, typically about 8 square metres. There is daily housekeeping service. You will likely spend most daylight time away from your cabin in the Grand Saloon or on deck enjoying the scenery. Nightly entertainment is provided, usually by a local group or person and can include music, singing or magic.

The ship docks most nights in a town along the St. Lawrence River, so you can go ashore at your leisure and explore the area. Although the ship enters the USA several times, it does not dock there, so no passport is needed for the whole trip.

Three meals a day plus afternoon tea and in-between treats are served in the Grand Saloon. There are usually two entrees offered with dinner. The menus utilize fresh in-season locally produced fruits and vegetables, and bread may come from the pioneer ovens at Upper Canada Village. The bar is well-stocked with wine, beer, and liquor at reasonable prices. Wine and domestic beer is complimentary at dinner. Coffee and tea are available 24 hours a day.

THE 1000 ISLANDS

With each nautical mile, nature's northern masterpiece unfolds. Within one 80-kilometre stretch of the mighty St. Lawrence River, there are no less than 1,870 islands. In these "1000 Islands", birthplace of the famous 1000 Islands Dressing, we explore intricate river channels, sumptuous greenery, mysterious coves, and nooks and crannies veiled in folklore. We sail past summer cottages, opulent mansions and even two castles, Boldt and Singer. These islands have been the summer homes of the rich and famous: the Astors, the Pullmans, the McNallys, Helena Rubenstein, Irving Berlin, Mary Pickford, and a host of others. We cruise under several bridges including the multiple spans of the Thousand Islands Bridge and ride the fast elevator to the fabulous view atop the 40-storey Thousand Islands Tower. Early Canadian history is well-demonstrated during our visits to the Fulford Mansion, Fort Wellington, and Upper Canada Village. There is plenty of time to relax on deck as the scenery of the St. Lawrence River glides past. The *New York Times* wrote, "When the time comes for sleep, sleep comes easily on a ship surrounded by a thousand islands and a million stars."

TOUR & CRUISE NOTES

All shore excursions included. On many cruises, shore excursions are a significant additional expense. On this cruise, all shore excursions are included. Usually a bus picks you up beside the ship and takes you to a local attraction. To reach Upper Canada Village, you ride on a miniature train.

Please book early. *Canadian Empress* has confirmed a block of cabins for this tour, mostly on the St. Lawrence Deck. These are normally held until 60 days before sailing. However, any unsold cabins can be taken away from us at any time if the ship fills. This tour is limited to 35 people.

Singles: Four ship cabins are designated for singles with a lower single supplement. Book early for these!

🦿 Activity Level 1: Light activity including short distances to walk and some stairs. There is walking during the Ottawa tulips tour to see several gardens and the free day in Ottawa could have some walking, depending on the activities you want to do. The walk at Fort Henry from the parking lot is less than 10 mins. There is no elevator on the ship. No matter which deck you are on, expect to use some stairs such as up to the dining room from St. Lawrence Deck or down to the dock from Ottawa Deck, or up from both those decks to the Sun Deck. This tour is not suitable for people who depend on walkers or have mobility challenges with a flight of stairs. The coaches and ship cannot carry a scooter. There can be longer walks in the airports; request a cart or wheelchair in advance or at check-in if this could be an issue for you. If you are not able to participate in Activity Level 1, Wells Gray Tours recommends that you bring a companion to assist you. The tour director, local guides and drivers have many responsibilities, so please do not expect them, or your fellow travellers, to provide ongoing assistance. If you are not capable of keeping up with the group or require frequent assistance, the tour director may stop you from participating in some activities or some days of the tour. In extreme situations, you may be required to leave the tour and travel home at your own expense; travel insurance will probably not cover you.
