BELLA COOLA & TWEEDSMUIR PARK

August 11, 2021 – 8 Days

Includes Northern Sea Wolf ferry from Port Hardy to Bella Coola

Bella Coola is an isolated community on the central BC coast, surrounded by splendid mountain scenery. Regular ferry service from Port Hardy through the Inside Passage started in the mid-1990s, and was upgraded with the launch of *Northern Sea Wolf* in 2019. The only road access is Highway #20 from Williams Lake, a scenic drive across the Chilcotin and through the Coast Mountains. The ferry and the highway offer an awesome circle route for travellers. The 10-hour daylight voyage along the rugged BC coast is an amazing experience of seascapes and wildlife. Too many people take only a day to drive the 450 km highway whereas this tour devotes 3 days to the trip, allowing time for many stops and the thrill of "The Hill". A highlight is the flight into Tweedsmuir Park to see Hunlen Falls, Canada's highest waterfall, the vast Monarch Icefields, and the colourful Rainbow Range.

ITINERARY

Day 1: Wednesday, August 11

After pickups around Victoria, we drive to Nanaimo.

Accommodation: Coast Bastion Hotel, Nanaimo

Day 2: Thursday, August 12

We meet our Interior and Lower Mainland customers, then drive north on the Island Highway. We visit the Campbell River Museum and learn the story of the Ripple Rock explosion in 1958. We stay overnight in **Port Hardy** at the north end of the Island Highway.

Meals included: Breakfast, Lunch, Dinner

Accommodation: Kwa'lilas Hotel

Day 3: Friday, August 13

The **Northern Sea Wolf** departs from Port Hardy at 7:30 am for the 10-hour journey north through the magnificent **Inside Passage**. On the outside decks, there is plenty of seating or strolling space, so you can watch the ever-changing panorama of the passing coastline. During the voyage, we pass hundreds of islands and waterfalls, and probably see wildlife such as bald eagles, porpoises or Orca whales. First, we cross Queen Charlotte Sound north of Vancouver Island, then see the entrance to Rivers Inlet, and traverse Hakai Pass. After turning east through Fitzhugh Sound, the ferry follows the narrow fjords of **Burke Channel** and North Bentinck Arm, and arrives in **Bella Coola** about 5:30 pm. We stay two nights at one of three lodges in Hagensborg, 10 km east, because there is no suitable accommodation in Bella Coola itself.

Accommodation: Eagle Lodge, Grizzly Lodge or Mountain Lodge

Day 4: Saturday, August 14

A local guide accompanies us for the next two days to provide expert interpretation about the history, ecology and First Nations culture of the valley. At the Bella Coola Museum, we meet Rene Morton, daughter of Bella Coola pioneer Cliff Kopas and a lifetime resident, and she

presents *A Morning with Alexander Mackenzie*, a tribute to his amazing expedition to this region in 1793. Afterwards, we visit local attractions such as Clayton Falls, a fish hatchery, and **Augsborg Church**. Norwegian settlers from Minnesota and Wisconsin arrived in this valley in 1894 and the Hagensborg Heritage House tells their remarkable story. We stroll among the towering giants of the Saloompt Forest and shop at a pottery studio and salmon plant. Enjoy a slide-illustrated talk by local naturalist, Mike Wigle, co-author of *Bella Coola: Life in the Heart of the Coast Mountains*. There is also leisure time to explore Bella Coola or browse the shops such as the popular Kopas Store.

Meals included: Breakfast, Lunch, Dinner

Accommodation: Eagle Lodge, Grizzly Lodge or Mountain Lodge

Day 5: Sunday, August 15

Accompanied by our guide, we learn more about the Bella Coola Valley as we drive east where the road is hemmed by soaring mountains with descriptive names such as Stupendous, Defiance, Table, and Matterhorn. Entering **Tweedsmuir Provincial Park**, we stop at the Alexander Mackenzie Monument and the "Split Rock", then a

picnic lunch is provided at the Fisheries Pool beside the Atnarko River. Soon, we arrive at the bottom of the famous **Bella Coola Hill**. By 1950, residents decided that they needed better service than a periodic coastal steamer, but they were unable to convince the government that a road through the Coast Mountains was even feasible. So they raised money themselves and built their own road using bulldozers working from the top and bottom. When their

blades met on September 26, 1953, British Columbia's third route to the Pacific became a reality and was nicknamed "**The Freedom Road**". The 50th anniversary celebration was held in 2003 and attended by some of the original workers. During the tortuous 1,500-metre climb over the next 20 km, we stop at two thrilling viewpoints and top the Coast Mountains at **Heckman Pass**. After passing through Anahim Lake, we stay two nights at **Nimpo Lake**, known as "Float Plane Capital of BC" because it is the access point for numerous fishing lakes in the West Chilcotin.

Meals included: Breakfast, Lunch, Dinner
Accommodation: Stewart's Lodge or Waterfront Motel

Day 6: Monday, August 16

We board chartered float planes to explore the wilderness of Tweedsmuir Park which protects some dramatic scenery of the Coast Mountains.

There are three flight options today. Please refer to descriptions on next page. This evening, we meet **Chris Czajkowski**, the author, poet and botanist, who talks to us about her pioneer lifestyle in the wilderness and how she built the Nuk Tessli cabin single-handed. Her many books, such as *Cabin at Singing River* and *Diary of a Wilderness Dweller*, describe her experiences in the Coast Mountains.

Meals included: Breakfast, Lunch, Dinner
Accommodation: Stewart's Lodge or Waterfront Motel

Day 7: Tuesday, August 17

Leaving Nimpo Lake, we journey across the vast ranchlands of the **Chilcotin**, passing villages such as Tatla Lake, Alexis Creek, and Riske Creek. There are impressive views of the glacial blue Chilcotin River as it roars through Bull Canyon and **Farwell Canyon**. Another stop is at the lofty bridge over the Fraser River where we enter the Cariboo. Our last night is in **Williams Lake**.

Meals included: Breakfast, Lunch
Accommodation: Coast Fraser Inn

Day 8: Wednesday, August 18

We follow the Cariboo Highway to Cache Creek. Lunch is included at **Ashcroft Manor**, a roadhouse built in 1862 to serve travellers on the Cariboo Wagon Road. We fly from Kelowna to Victoria this evening and a transfer is provided to your pickup point.

Meals included: Breakfast, Lunch

TWEEDSMUIR PARK FLIGHTS ON AUGUST 16

We board chartered float planes to explore Tweedsmuir Park. **There are 3 flight options today.** At the time of booking, please choose the one best suited to your mobility. Note that you must be able to climb 3 ladder-like steps (with assistance) to get into the planes. All flights see the awesome **Hunlen Falls** which plunges 400 metres and is Canada's highest waterfall, measured as a continuous drop. In the valley below is **Lonesome Lake** and the remote abandoned homestead of the famous pioneer, Ralph Edwards, about whom three books have been written, including *Crusoe of Lonesome Lake*. Then we fly into the Talchako Range where dozens of tumbling glaciers cling to sheer cliffs, icebergs float around glacial lakes, and the vast **Monarch Icefields** stretch to the horizon. The next spectacle is the **Rainbow Range** where eruptions eight million years ago created a huge shield volcano and lava flows with brilliant colours.

Flight #1 (Hunlen Falls landing, Monarch Icefields, Rainbow Range) – Your plane lands at Turner Lake, then you walk on a trail for 30-40 mins to the view of Hunlen Falls (at least 1 hour round trip). The last 15 mins walking is uphill to the falls viewpoint. After 2½ hours stop, you get back on the plane and fly over the Monarch Icefields and Rainbow Range. Total trip time is about 4¼ hours.

Flight #2 (Hunlen Falls flyover, Monarch Icefields, Iceberg Lake landing, Rainbow Range) – Your plane flies over and circles Hunlen Falls, but does not land. Then you fly over the Monarch Icefields and land at Iceberg Lake which has formed at the snout of a glacier. You do not get out of the plane here. After taxiing around the lake to see the glacier and icebergs up close, your plane takes off and flies over the Rainbow Range. Total trip time is about 2 hours.

Flight #3 (all flying, no landing, to see Hunlen Falls, Monarch Icefields, Rainbow Range) – Your plane flies over and circles Hunlen Falls, but does not land. Then you fly over the Monarch Icefields and the Rainbow Range. Total trip time is about 1¼ hours. Your fare is reduced by \$57 with this option.

Option #4 (no flight) – If you prefer not to fly at all, there is a fare reduction of \$250 per person.

ACCOMMODATION

There are no large hotels in Bella Coola or Nimpo Lake, so rooms are booked in several places. Do not expect luxurious lodgings as these communities are remote and typically host travellers looking for a back-country experience. You do not need to make any choices here as Wells Gray Tours will assign your accommodation based on several factors including how early you booked and double, twin or single.

Hagensborg (10 km east of Bella Coola) – Mountain Lodge, Eagle Lodge, and Grizzly Lodge are within a few km of each other. Mountain and Eagle have a dining room for your breakfasts and August 14 dinner; Grizzly serves breakfast in an outdoor gazebo and dinner is at Mountain Lodge.

Nimpo Lake – Stewart's Lodge has log cabins with lake views and a dining room. One large log cabin has 3 bedrooms suitable for 2 couples or 3 singles, large living room, deck, and shared bathroom. Waterfront Motel has motel rooms by the lake and you are driven to Stewart's for all meals. A third accommodation is TBA.

NORTHERN SEA WOLF

B.C. Ferries' *Northern Sea Wolf* is a new vessel for the Bella Coola route, replacing the *Queen of Chilliwack* which operated for nearly 20 years until this service was shut down in 2014. The ship was built in 2000 and was named *Aqua Spirit* in 2011. From the home port of Piraeus (near Athens), she served as a passenger and car ferry to several Greek islands. BC Ferries purchased the ship in 2017 for \$12.6 million and sailed her to British Columbia. Major problems were found after her arrival which cost about \$20 million to rectify.

She has been renamed *Northern Sea Wolf*, a name inspired by a Heiltsuk legend in which the Sea Wolf is a manifestation of the Orca. The Sea Wolf symbolizes family and loyalty, and the spirit of the Sea Wolf protects those travelling their waters. The vessel was supposed to start service in 2018, but this was delayed repeatedly and 2019 was her first on the Bella Coola route.

Northern Sea Wolf is 75 metres long with a beam of 15 metres and a draft of 2.8 metres. She carries about 35 vehicles and 150 passengers at a travelling speed of 17 knots. Facilities include restaurant, gift shop, and indoor and outdoor seating. The journey from Port Hardy to Bella Coola takes 10 hours, all in daylight to permit great viewing of the rugged coastline and abundant wildlife, marine life, and bird life. Our motorcoach travels on the ferry, so luggage and other belongings can be stored there.

Activity Level 2: Moderate activity including walking over uneven surfaces, steep terrain, or stairs.

There is more strenuous activity on August 16; please read the flight descriptions and choose your flight based on your mobility. All flights require getting in/out of float planes with 3 ladder-like steps. Flight #1 has a minimum one-hour return hike on a rough trail to see Hunlen Falls from the top of the cliffs; the last 15 mins on this trail is uphill; this flight option is rated as "Activity Level 3". Seeing everything on this itinerary requires active participation. There are many stops during this tour and you must be able to get on and off the coach by yourself without delaying your fellow travellers. The coach cannot carry a scooter. Some hotels do not have luggage service. If you are not able to participate in Activity Level 2, Wells Gray Tours recommends that you bring a companion to assist you. The tour director and driver have many responsibilities, so please do not expect them, or your fellow travellers, to provide ongoing assistance. If you are not capable of keeping up with the group or require frequent assistance, the tour director may stop you from participating in some activities or some days of the tour.
