

D-DAY AT JUNO BEACH

May 31, 2022 – 14 Days

A World War II History Tour on the 78th Anniversary of D-Day

D-Day was the landing and associated airborne operations on Tuesday, June 6, 1944 of the Allied invasion of Normandy. Codenamed Operation Overlord, it was the largest seaborne invasion in history. The operation began the liberation of France (and later western Europe) and laid the foundations of the Allied victory on the Western Front. Canadians played a vital role in these events, and are remembered at many memorials and museums. This tour will participate in the 78th Anniversary commemoration of D-Day at Juno Beach. The tour is organized by a British company that specializes in war history, and our guide, Steve Roberts, is an expert in Canadian war history. He accompanied our 2018 tour to Vimy for the 100th Anniversary of the end of World War I. Museums, memorials, cemeteries, and historic sites connected with D-Day are all included as we travel from Juno Beach to Dieppe and into Belgium, Netherlands, and Germany during this in-depth exploration of one of the most vital battles of World War II.

Steve is a retired soldier and policeman. He has a Master's Degree in British First World War Studies and is a published author on the period. He is actively involved in Battlefield Archaeology on the Western Front and has appeared in several television programs on this subject, such as *Finding the Fallen*, *Trench Detectives*, and *Vimy the 3D Battle*. *The Battle of the Somme, The True Story* is an in-depth study of the film *The Battle of the Somme*, produced in 1916. Steve has been leading tours to the battlefields for 30 years, regularly guiding adult, military, and school groups. He also specializes in providing bespoke tours based around relatives who served, personalizing these tours in a unique way. Steve has guided many Canadian groups and is very knowledgeable about the battlefields and memorials that are significant for Canadians.

D-DAY

Planning for Operation Overlord began in 1943. In the months leading up to the invasion, the Allies conducted a substantial military deception, codenamed Operation Bodyguard, to mislead the Germans as to the date and location of the main Allied landings. The weather on D-Day was far from ideal, and the invasion had to be delayed 24 hours; a further postponement would have meant a delay of at least two weeks, as the planners depended on the phase of the moon, the tides, and the time of day which meant that only a few days each month were suitable. Adolf Hitler placed Field Marshal Erwin Rommel in command of German forces and of developing fortifications along the Atlantic Wall in anticipation of an Allied invasion. U.S. President Franklin Roosevelt placed Major General Dwight Eisenhower in command of Allied forces.

June 6, 1944 started with an extensive aerial and naval bombardment and an airborne assault, followed by the amphibious landing of 24,000 Canadian, British, and American airborne troops. Allied infantry and armoured divisions began landing on the coast of France at 06:30. The target 80 km stretch of the Normandy coast was divided into five sectors: Utah, Omaha, Gold, Juno, and Sword. Strong winds blew the landing craft east of their intended positions, particularly at Utah and Omaha. The men landed under heavy fire from gun emplacements overlooking the beaches, and the shore was mined and covered with obstacles such as wooden stakes, metal tripods, and barbed wire, making the work of the beach-clearing teams difficult and dangerous.

D-Day set the stage for Operations Switchback, Vitality, and Veritable during the next 10 months, and laid the foundations of the Allied victory on the Western Front.

 **Activity Level 2:** Due to the historic nature of some memorials and attractions, it will be necessary to climb stairs, walk on uneven surfaces, and walk up to one kilometre at a time. Rooms in some hotels may be reached by some stairs after riding the elevator. Sometimes the coach cannot drive all the way to a historic site. Expect extended walks with talking stops through the war cemeteries. There are many stops during this tour and you must be able to get on and off the coach by yourself without delaying your fellow travellers. There can be longer walks in the airports while travelling to/from London; request a cart or wheelchair in advance or at check-in if needed. Please consider these mobility issues prior to booking this tour. The coach cannot carry a scooter or motorized wheelchair. If you are not able to participate in Activity Level 2, Wells Gray Tours recommends that you bring a companion to assist you. The tour director, historian-guide, and driver have many responsibilities, so please do not expect them, or your fellow travellers, to provide ongoing assistance. If you are not capable of keeping up with the group or require frequent assistance, the tour director may stop you from participating in some activities or some days of the tour. In extreme situations, you may be required to leave the tour and travel home at your own expense; travel insurance will probably not cover you.

TOUR NOTES

Why are we flying to London? Since most of this tour is visiting memorial sites in France, Belgium, and Netherlands, you might ask why we are not flying to a European airport. Brexit is the answer. Our historian-guide, Steve Roberts, is an expert on Canadian World War sites and conducted our 2018 historical tour focused on Vimy, but we cannot pick him up in Europe now that Britain has left the European Union. The tour must start in England, then we can use a British guide in Europe.

Currency & Expenses: The Euro is used during most of this tour and, as of August 2021, a Canadian dollar is worth about €0.67. The British Pound is used in England and a Canadian dollar is worth about £0.58. You should order Euros and Pounds from your bank 1-2 weeks before departure, or plan to use ATMs. Credit cards are accepted almost everywhere. Gratuities are included for all group meals, the historian-guide, and driver.

Fare Changes: As this tour has been planned and priced 9 months before departure, exchange fluctuations between the Canadian dollar and the Euro or Pound could affect the fare, in which case you will be notified of the increase or decrease. Changes to taxes and surcharges from the airline or other tour suppliers can occur at any time and are beyond the control of Wells Gray Tours, therefore, Wells Gray Tours reserves the right to increase fares due to such changes until departure.

Flight: The round-trip flight is on WestJet conveniently from Victoria via Calgary to London Gatwick.

Documentation: A valid passport is required. A visa is not required.

Rooms for singles are often a different style or smaller size than twin rooms. Many hotels limit the number of single rooms allocated to a group. Please book early if you prefer to travel single.

Triples are not available on this tour.

Beverages: Although most meals are included, it is not common practice to include beverages with meals. Bottled water is served, but any other beverage will probably be at your expense.
